Subject.

Proposal of the Municipal Commissioners to reduce the cost of the Travellers' Bungalow at Bangalore.

Notes and orders.

1. The President forwards for the approval of the Resident a Resolution by the Municipal Commissioners proposing that the establishment of the Travellers' Bungalow at Bangalore be reduced to a jaun on Rs. 6, a waterman on Rs. 4, & a toty on Rs. 4, and that the furniture should consist only of cots, chairs, tables, washing stands, brass basins, bathroom brass chatties and commodes, and that the

fees should be charged as at present.

2. The President further states that it is also proposed to do away with the supply of glass ware and crockery and to provide only the furniture, &c as indicated in the Resolution, in accordance with the practice which obtains in 1st class Travellers' bungalows in the Mysore State.

Serial No. 14/a

3. Before the proposition of the Municipal Commissioners can be approved information on the following points is required:—

a. Particulars and cost of the present establishment.

b. Necessity for the reduction. Does the expenditure exceed the receipts?

c. Scale of fees charged

d. Number of travellers who have resorted to the bungalow during the last 12 months.

e. Amount of fees collected during that period.

4. In the meanwhile the Mysore Durbar may be asked

(Continuation of Note or Precis.)

one rupee for adults and one rupee eight annas for a married couple per day.

12. The number of travellers who have used the bungalow during the past 12 months is 136, and they have paid ~~Rs.~~ 376 - 4 - - as fees.

13. The Mysore Durbar has been asked for information as to why the Travellers' bungalow at Bangalore was allowed a European Overseer and a larger establishment than the other 1st class bungalows in the Mysore State.

14. The receipt of the information may be awaited.

17- In the above it is intimated that there is no reference in the Dewan's office records explaining the circumstances under which the Travellers' bungalow at Bangalore has a larger establishment than other 1st class travellers' bungalows in the Mysore State.

18- The information may perhaps be obtained from the Mysore Public Works Dept. or from the Dep. Commr. of the Bangalore Dist. May the Secretary to the Mysore Govt. P. W. Dept. be addressed for the information?

f. No 21 26. Letter No 2347/411 d. 26th May 86 from the Sec. to the Govt of Mysore. P. W. Dept.

1. No 2 27. With the above, the Secretary forwards copy of letters supplying the information required as to the grounds on which the Copasundra Travellers' bungalow at Bangalore has been allowe

a European Overseer and a larger establishment than the other 1st class bungalows in the Mysore State.

28. The letters referred to are to the following effect:—

In September 1862 the Superintendent of the Bangalore Dn brought to the notice of the Commissioner that complaints were constantly made to him of individuals of all classes putting up for weeks in the bungalow and keeping the rooms in a filthy state, and that the bungalow servants were not able to enforce the rules. The Superintendent stated that Captain Grant the Brigade Major had consented to undertake the entire control of the bungalow if he was allowed the services of a European Pensioner on

(Continuation of Note or Precis.)

~~Rs.~~ 15 p. m.

29. The Superintendent observed that the butler attached to the bungalow received ~~Rs.~~ 8 p. m., which was considered an unnecessary charge, and he proposed to do away with the butler & appoint instead a European Bungalow Superintendent on ~~Rs.~~ 15 p. m., thus increasing the expense of the establishment by ~~Rs.~~ 7 p. m.

30. In reply the Commissioner informed the Superintendent that he had no objection to the plan suggested being tried.

31. The employment of a European Pensioner as Bungalow Overseer has apparently continued from 1862 up to the present time, a period of

about 24 ojas

32. The Municipal Commissioners now propose to abolish the post of European Overseer and to otherwise reduce the establishment of the Bangalore Travellers' bungalow as shown below:—

Present scale.					Proposed scale.				
1	European Overseer.	16	..	..					
1	Maty.	7	..	..					
1	Peon.	5	..	..	1	Peon.	6	..	..
1	Waterman.	4	..	..	1	Waterman.	4	..	..
1	Toty.	4	..	..	1	Toty.	4	..	..
5	Total Rs.	36	..	..	3	Total Rs.	14	..	..
	Total per annum Rs.	432	..	..		Total per annum Rs.	168	..	..

33. The reasons for reducing the establishment are given in para. 10 of Note.

34. Instead of doing away with the Overseer and the Maty altogether, a reduction of cost of establishment may be effected, without impairing its efficiency, by combining the maty and peon into one post and reducing the pay

of the other posts as shown below:-

	Rs.	A.	P.
European Overseer	10	-	-
Malty + Peon	7	-	-
Waterman	3	-	-
Scavenger	2	-	-
Total Rs:	22	-	-

35. The President in his letter No. 2305 d. 27th March 1886 stated that during the past 12 months Rs. 376-4-- had been paid in fees by travellers occupying the bungalow.

36. The Travellers' bungalow is a Government institution and was in accordance with the terms set forth in letter No. 1076/566 d. 14th Sep. 1884 to the Collector, made over to the Municipal Commissioners on trust and on condition that it be retained as a Travellers

bungalow and kept in repair by the Board. No mention was made as to whether the Commissioners should continue to maintain the establishment maintained by the Government previous to the transfer of the bungalow to the Municipality.

42 With the above, the President of the Municipal Commission forwards an extract from the proceedings of the Municipal Commission dated 31st July 1886 proposing that the Travellers' Bungalow be kept on as now (i. e. under the reduced expenditure) till the year is up for the purpose of ascertaining whether it pays or not.

43- The following statement showing the amount

of income realized during the months of April, May, and June 1886, together with the amount of expenditure on establishment as reduced, is appended to the proceedings referred to in the preceding paragraph:—

Months.	Income			Expenditure			Balance		
April 1886	20	12	"	14	"	"	6	12	"
May 1886	33	"	"	14	"	"	19	"	"
June 1886	57	"	"	14	"	"	43	"	"
Total	110	12	"	42	"	"	68	12	"

44. Particulars of the Bungalow establishment amounting to Rs. 36 p. m. as it stood on the date of its transfer to the charge of the Municipality will be found in para. 32 of Note, and the necessity for

reducing the establishment to ~~Rs.~~ 14 p. m. is recorded in para. 10. The grounds upon which a European Overseer was appointed are recorded in paras. 28, 29, & 30.

45- Attention is solicited to the suggestion contained in para. 34 of Note.

46. Considering that the Travellers' bungalow is a Government institution and was only made over to the Municipality "on trust", it is a question whether the Commissioners were competent to reduce the establishment of the bungalow / or otherwise interfere with its condition however necessary, / without the previous sanction of the President. 88— Please see para 7 of Note. In that paragraph Mr. Lyall recorded that he objected to the building being made over to the Municipality merely to be used to increase its revenues by being rented or sold, but he had no objection to the Municipality's retaining it so long as it can be usefully applied to some public purpose, e.g. a dispensary.

89. The Commissioners propose to open a Dispensary in the building, it may therefore be made over to the Municipality for the purpose on the following conditions, viz-

(a) that the building will continue as heretofore to be Government property;

(b) that it is made over to the Municipality on trust to be used as a Dispensary;

(c) that the Municipality shall not alter the character of the building, or dismantle it or any part of it, or otherwise interefere with its construction, without the sanction of the Resident previously obtained;

97. In letter No. 467 dated 30th June 1887, the President, Municipal Comm^rs intimates that owing to the absence of funds, the Municipal Commissioners do not see their way to open a dispensary at the Dâk bungalow, and

are willing that it should be made over to the Police as quarters for a Chief Constable, on the understanding that it be vacated when required by the Municipality.

---

98. The dak bungalow building is the property of Government, not of the Municipality; the Municipal Commissioners have therefore no concern whatever in its disposal. The disposal of the building rests with the Resident, and is now in the custody of the Collector of the Civil & Military Station.

99 — L. N.° 33

In Order No. 625/1416 d. 2nd March 1887, Mr. Lyall decided that the building may be used by the Municipality as a dispensary or lent to the Boarding Institute, and should the building not be required for either of the purposes indicated or for some other genuine public purpose, the building was to be made over to the Police Department for quarters for an Inspector or Chief Constable.

100. The Municipality does not want it just yet awhile and considerating that it has no more right to it

than any other public body in the Civil & Military Station there seems no necessity to make the disposal of the building contingent on their convenience.

101. The Bowring Institute has the next refusal of the building. If approved the Collector may be instructed to enquire of the Committee whether the building will be taken over by it on the conditions set forth in para. 89 of this Note.

102. To my knowledge the Committee of the Library & Scientific Institute (Bowring Institute) are again looking out for a suitable site, they would, I think, be very glad if the Dâk Bungalow were made over to them; but the question of a free site and a grant of Rs. 10,000. from the Mysore Durbar towards the Bowring Memorial is still under consideration, and it is doubtful if the Durbar would bestow such a liberal grant on the Institution if it was the established rule out of their limits

forwards in compliance with Dl No 41
from this Office, an estimate amounting
to Rs 34/- & plan for putting a door in

114 The amount of the Estimate, Mr

3,200/- provided under Petty Construction

Budget Estimate for 1887-88 submitted
by Mr Fawcett.

115 This Supplemental Budget, for Rs 3,650/- in all,
it will be seen from file No. 615/87, was submitted
to the Govt of India with the Resident's
recommendation, but the Govt of India
was pleased to sanction one thousand
rupees only under "Petty Construction &
Repairs", presumably to adjust the outstandings
to that extent due to the Contractor for
building the Chief Constables' quarters
during the past year. No amount will
therefore be available from the Supplemental
grant towards the proposed expenditure

on the Traveller's bungalow. The sum required is very small (Rs 34), and may be debited to the Savings in the Police budget, if any. The Dt. Supt. of Police may, however, be asked from what source the proposed expenditure can be met, having regard to the orders of the Govt. of India on the supplemental budget. SIR.

Pl 16.

I have the honor to acknowledge the receipt of your letter No: 738/1416 of the 24th instant relating to the Travellers Bungalow.

I give below the information you ask for.

The establishment consists of

1	Sergeant	on Rs 16	per month
1	Matty	" 7	"
1	Peon	" 5	"
1	Patamar	" 4	"
1	Toty	" 4	"
		Rs: 36	

or Rs: 432 per annum.

A reduction is proposed because the receipts do not cover the expenditure as the following details show.

From

9H

From September 1884 to February 1886 the receipts came to Rs. 588, while during this period the establishment cost Rs 648, repairs cost Rs. 113, furniture &c cost Rs. 15, or in all Rs 776.

If the bungalow is to be kept supplied with crockery &c as formerly a further immediate expenditure of Rs 115 is necessary.

The fees are as follows:—

for an adult per day — 1 Rupee

a married couple — 1½ Rupee

During the past 12 months 136 persons have used the Bungalow and have paid Rs 376. 4—. in fees.

The Bangalore Spectator dated 21st April 1886.

THE TRAVELLERS' BUNGALOW.—We understand that the Resident has not as yet confirmed the somewhat hasty and ill-considered action of the Station Municipality with regard to the Travellers' Bungalow. One result of removing the Serjeant and cook, taking away the supply of crockery, &c., and throwing travellers entirely on their own resources for cooking and feeding, is that the Bungalow has been almost deserted, travellers' calls there being, like angels' visits, few and far between. Mr Girdlestone would do well to weigh the matter carefully before confirming the reductions ordered by the Municipality.

Sir,

With reference to the Communication held on the matter regarding the reduction contemplated in the Establishment of the Travellers Bungalow at Bangalore, I am directed to make the following observations:-

2. In the Districts, Dawk Bungalows are found convenient even when not supplied with Cookery, Cooking utensils, &c as travellers usually carry a supply of such articles with them. But at places like Bangalore the case is different and most travellers who make use of such Dâk Bungalows presumably arrive by rail.

with reference to the remarks
Mr. Hale wishes to know what
class of travellers are expected
to use the Dak Bungalow
when the Establishment and
furniture are reduced ~~the~~
as proposed?

Mr. Hale believes that
a Dak Bungalow is not
required for travellers ~~to~~
belonging to what may be
called the upper-class
as there are hotels in the
stations to which they prefer
to go, and he imagines that
some similar accommodation,
in the shape of hotels or
Boarding houses, exists for
the middle class of travellers.
Whether in the latter case
the accommodation is
sufficient ~~is~~ the Resident
is not in a
position to determine.
But if on enquiry the
Board think it sufficient
Mr. Hale considers that the
time has come for closing

(Continuation of ~~Note or Precis~~)

the Dâk Bungalow at Bangalore altogether.

5. It is not desirable that either the Govt. or the Municipality should compete with private enterprise in the matter of accommodating travellers if private enterprise has sufficiently provided for their wants.

President

Coopers Travellers Bungalow.

S. No 23

3— Read letter No: 1854/1416 dated 25 June 1856 from the Assistant to the Resident requesting further report on the Coopers Travellers Bungalow

Mr Hayes suggested that the Bungalow might be leased to some private individual.

Mr Brown:— Sell the land

The President said that it could not be alienated.

Mr Hamilton— Keep it up as a first class bungalow or do away with it entirely, as it is, it is an empty house and does not contain the needed articles for travellers.

The President denied that such was the case, he read a statement of the receipts and expenditure of the Bungalow showing that for April the receipts were Rs 20-12-11, expenditure Rs 14/.; May receipts Rs 33/ expenditure Rs 14/.; June receipts Rs 57/ expenditure Rs 14/.; the President said that these figures showed that

Rec/.

do use the bungalow a great deal notwithstanding the reduction in establishment.

Mr Krishna Singh urged that in a large Station like Bangalore a first class Travellers Bungalow ought to be kept up.

The President said he did not see why there should be one at all.

Mr Burnes observed that there was no Bungalow in a large Station like Poona.

Mr Campbell said - Unless private enterprise supply such want and if the poorer class alone exist lease it to some private individual at a nominal rent.

Mr Burnes was of opinion that the Bungalow should be returned to the Mysore Government.

The President said that it appeared to him that the Bungalow was not wanted, the Head Superviser of the Akkarry department was the best person of it.

Mr Hayes observed that

under

under the circumstances the Board could not alienate the Bungalow, they might return it but if they could make a revenue by leasing it, why not do so.

The President who will do the repairs?

Mr Campbell said that the repairs should be met from the income.

Mr Hayes remarked that if the Board could get Rs 300 a year it would pay, an enterprising man like Mr Drummond might be induced to take up the Bungalow.

The President said that the Bungalow was now paying itself since the establishment was reduced, before that, crockery and glass ware got constantly broken and the Bungalow did not pay, the question, as asked by the President was, whether there were sufficient Hotels and Boarding houses for the Middle class.

Mr Ayoob Abdullah said he did not think there were.

The President did not see why if the Bungalow was paying itself it should not be carried out on the present scale

Mr Campbell suggested that existing arrangements be extended

Mr Krishna Singh pointed out that there were chattrams for the Hindus and Musafarkhanas for Mahomedans but no similar conveniences for the Middle Class of the European and East Indian Communities

Mr. Hayes thought that the Bungalow might be kept up as at present till the end of the year.

Mr Gibson the Engineer said that forty odd rupees had been spent this year on repairs to the Bungalow.

Resolution — The President points out that under the new system the Bungalow pays for itself (vide memo subjoined).

Sir,

I am directed to acknowledge the receipt of your letter No. 742 d. 6th August 1886 forwarding an extract from the proceedings of the Municipal Commissioners dated 31st July 86 proposing that the Travellers' bungalow at Bangalore be kept up on the ~~present~~ as-now-reduced establishment by the Commrs. till the close of the year 1886 for the purpose of ascertaining whether ~~it pays~~ the bungalow pays or not.

S. No 24

2. In reply, I am directed to say that ~~your letter No. 1854/1416 d. 25th June 1886~~ the above is given no distinct answer to the question put in that letter, and further the members of the Board seem to differ in opinion as to whether private enterprise in Bangalore

S. No 23

~~from this office~~ No. 1854/1416 of 25/6/86 from this office

has or has not provided sufficient accommodation for that class of European travellers who are not able to afford to go to first class Hotels.

3. As, however, the latter point may be open to doubt, W. Lyall agrees to the Dâk bungalow being ~~kept on at~~ maintained on the reduced scale of ~~establishment as reduced by the Commissioner~~, till the end of the present year, but I am to observe that the question to be decided is not merely whether the income will cover establishment and repairs, but whether the house is really required for the use of bonâ fide travellers who cannot get convenient accommodation elsewhere at rates within their means, but can afford to pay dâk bungalow rates for lodging.

4. The principle expressed in the fifth paragraph of my letter No. 1854/1416 d. 25th June 86, S. No. 23 namely that it is not desirable that either the Government or the Municipality should compete with private enterprise in the matter

of accommodating travellers if private enterprise has sufficiently provided for their wants, is one that has been recognized and acted upon by Government in several large towns in other Provinces. In accordance with that principle, I am to say, Mr. Lyall intends to take back the Dāk Bungalow house and to utilise it for some other public purpose if the Board cannot show that it is advisable that they should maintain it as a Dāk Bungalow. N.B./ The building

5. is Government property and the Board will remember that in letter No. 1076/5-66 dated 14th Aug. 1884 from this Office, to the Collector, C. & M. S. the Resident made it over

the Commissioners
to ~~it~~ in trust to be main-
tained as a Dāk bungalow.
Strictly speaking, Mr. Lyall
thinks the change ~~in establishment, etc.~~, which has
been made by the Board,
ought to have had the
Resident's sanction as it
has attend changed the character
of the ~~institution~~ establishment; Mr. Lyall
however
will not, now object to the
action taken in this respect,
but will await the receipt
of your report on the matter
at the close of the year,
and I am to request that
with such report
you will be so good as to

tion the Dāk bungalow book

4th That this Board feel constrained to make this Effort in behalf of the Banning Memorial (A) because space was sought for in this building - the Mayo Hall and the funds of the Banning Memorial were disposed of by the Early representatives of the Board and the money was handed over in the belief that sufficient space of the building could not be allotted for the Banning Memorial.

Coopsmunder Travellers Bungalow.

11. Statement of receipts & disbursements on account of Coopsmunder Travellers Bungalow for the quarter, as required in Board's Resolution No 4 dated 25th September 1886.

The President observed that the Board had to send a report on the subject.

Mr Campbell read the following Public wants for a Travellers Bungalow and for a Dispensary have already been met by private enterprise and the supply of each is notably equal to the existing demand but also to what is likely to arise hereafter. The Executive President has stated his intention of resuming the Bungalow and utilizing it for some other purpose, and it seems a fitting opportunity that the Board should attempt to rectify the part and to strongly recommend that it may be retained by the Municipality and utilized for

the

the Bowring Memorial with such improvements and additions as may be necessary to adapt it for the Bangalore Literary and Scientific Institute on the terms 2 and 3 in page 5 of Board's printed proceedings Ordinary meeting 25 April 1885 or as follows.

1st That the Municipality shall be the Custodian and Landlord and keep it in good repair and tenantable order as the Bowring Memorial, and for the purposes of the Bangalore Literary & Scientific Institute.

2nd That the internal economy of the Bowring Memorial and Literary and Scientific Institute be left entirely in the hands of the Committee for the time being of the said Institute.

3rd That the cost of the additions and improvements, as to adapt the present building be asked for and be met by the amount in

the

the hands of Mr. Rice, the President of the said Institute, and the President of this Board for the time being and Mr. Rice Vice-President continue ex-officio.

4th That this Board do feel Constrained to make this effort in behalf of the Banning Memorial.

1. because space may be sought for in this building, the Mayo Hall, and the funds of the Banning Memorial must at disposal of the Earliest representatives of the Board and the money may handed back owing to the belief that sufficient space in the building will not be allotted for the Banning Memorial.

2. because that space has since been occupied not only by the office of the President and the Board of Establishment, but also as the District Magistrate's Court and the office of the Collector and Income Tax Collector, without payment of rent.

C. became after the Board at their ordinary meeting 25 April 1885 had the application before it from the Honorary Secretary of the Bangalore Literary and Scientific Institute, and passed resolutions forwarding his requisition for a piece of ground within our boundary, East of the Mayo Hall and that the site should be allotted without any alienation by deed, the Municipality received no confirmation thereof by the officiating President Mr Sindlestone, apparently under the mistaken belief that alienation was intended when such was not the case and the mistake has never been since rectified."

The President said Mr Campbell's suggestion should be sent in as a separate report. The Board had now simply to dispose of the present question, as to whether the Bungalow should be kept up and applied as

Bungalow?

that residents in Richmond Town and Shankey who wanted treatment had to go all the way to Bowring Hospital

The President referring to Mr Campbell's proposal asked why the Board should take the initiative in the matter?

The President asked Mr Campbell why should he not write to the Trustees on the subject. He did not see what it had to do with the question before the Board at that time?

Mr Campbell replied that he considered that as a Commissioner he had a right to bring any proposition on the subject matter before the Board. The President if was understood was about to take the Bungalow away from the Municipality. and Mr Campbell Contended that he had a right to suggest

matter

matter which might terminate such
intention.

Mr Brown thought it would be
more graceful if Mr Campbell was
to draw up a letter on the subject
to the President which all the
Commissioners would sign
and the President would forward
it on to the Resident.

The President said he would
forward it on at an early date.

Mr Campbell seeing enclosure
the minister of the Merchants present

matter was recorded and a

Letter No, 1076—566 dated 14th August 1884 to the Collector and District Magistrate, Civil and Military Station of Bangalore, sanctioning the transfer on trust of the Travellers' Bungalow at Bangalore to the Municipal Board to be retained as a Dak Bungalow.

Letter No. 2047 dated 18th February 1886 from the President, Municipal Commission, proposing a reduction of the Bungalow Establishment on the ground that the receipts in fees do not cover expenditure.

S. No 25

Letter No. 2393—1416, dated 24th August 1886, to the President, Municipal Commission, sanctioning the proposed reduction, and requesting that a report may be submitted at the end of the year as to whether a Dak Bungalow is really required at Bangalore for the use of *bona fide* travellers who cannot obtain convenient accommodation elsewhere at rates within their means, but can afford to pay Dak Bungalow rates for lodging.

READ—

S. No 30

Letter No. 1738 dated 2nd February 1887 from the President, Municipal Commission, forwarding with the Bungalow book and a statement of receipts and disbursements since January 1886, an extract from the proceedings of the Municipal Commissioners dated 29th January 1887 containing the opinion that private enterprise in Bangalore is sufficient for the purpose and that there is no longer any necessity to maintain a Dak Bungalow.

No. 625—1416 DATED, BANGALORE, 2ND MARCH 1887.

ORDER.—After a careful consideration of the subject the Resident is disposed to agree with the Municipal Commissioners that it is not now advisable that the Government or the Municipality should maintain a Dak Bungalow in the Civil and Military Station of Bangalore. So long as a Dak Bungalow of any kind is maintained a few travellers will go to it, but if it is closed they will find accommodation in the existing Hotels and Boarding Houses or in others which will be started. An examination of the dak bungalow book shows that since the establishment was reduced the greater part of the receipts have come from a few individuals who were not travellers, but rather residents of the place. Moreover the building being distant from both the Railway Stations is not now in a suitable locality for real travellers.

2. Under these circumstances Mr. Lyall has decided that the Dak Bungalow should be closed with effect from the 15th instant. It should then be taken back from the Municipality, and be made over to the Police Department for quarters for an Inspector or Chief Constable as the District Superintendent of Police may think proper, unless the Municipality can show that the building is wanted for any public purpose, in which case Mr. Lyall has no wish to take it back.

3. Mr. Lyall objected to make it over absolutely to the Municipality merely to be used to increase its revenues by being rented out or sold, but he has no objection to the Municipality's retaining it so long as it can usefully apply it to some public purpose. The purposes of the kind which have been suggested are (1) a Dispensary and (2) a house for the Bowring Institute.

4. As to a Dispensary, the question is whether the Municipal Commissioners are prepared to undertake the expense of opening in Shoolay or Richmond Town a dispensary in addition to the one opened by them in Ulsur in 1884. Mr. Lyall imagines that they are not. As to No. 2 the idea of making the building over to the Bowring Institute suggested itself to Mr. Lyall some months ago, but on consulting others the opinion was expressed that the site was neither large enough nor sufficiently central, so the idea was given up. Moreover the Mysore Government has since then agreed to grant Rs. 10,000 and a site to the Institute, and Mr. Lyall has proposed to the Government of India to make another grant of Rs. 10,000 from revenues of the Assigned Tract. It is not therefore probable that the Institute will require the present Dak Bungalow building.

5. Unless therefore it can be shown that the building is really wanted by the Municipality to be used as a Dispensary or lent to the Institute or for some other genuine public purpose, it should be made over, when closed as a Dak Bungalow, to the Police Department as above decided.

Sir,

S. No. 34

With reference to your letter No. 1992 d. 10th March 1887, I am directed to say that the disposal of the Bangalore Travellers' bungalow and the furniture &c belonging to it does not rest with the Municipal Commissioners. The necessary action in this respect will be undertaken, under instructions from this office, by the Collector and Dist. Magistrate of the Civil & Military Station of Bangalore.

2. The question which the Commissioners have now to decide

is whether, in the terms of the Residents' order in proceedings No. 625/1416 d. 2nd March 1887, the building is really wanted by the Municipality for some genuine public purpose, and I am to request that a report on the subject may be submitted to this office at an early date.

3. If the building is not ~~wanted~~ required by the Municipality the Collector & Dist. Magistrate will be directed to again take charge of the bungalow and, under instructions from this office, he will formally make the building over to the Police Dept. as already decided. The furniture &c will also be disposed of by him to the best advantage to Government to whose credit the sale pro-

cards will be placed in the Residents' Treasury as revenue of the Civil & Military Station of Bangalore.

4- In conclusion I am to say that the claims, if any, of the bungalow servants will be separately considered regarding which the Collector & Dist. Magistrate will be requested to specially report to this office forwarding at the same time their respective service registers.
